

# Tech Tidbits

Next Technology Committee Meeting  
November 7, 2007

E-mail questions or concerns to the committee at

Technology is a tool to be used to enhance "best practices" in curriculum and instruction.

**Teacher Web** is up and running...if you would like to create your own website for your classroom and have it linked to the district web site go to <http://TeacherWeb.com>. Your account code is PO963CPFL. Teacher websites are a GREAT way to communicate with students and parents! If you need help getting started let us know.

We now have **FREE** access to load Microsoft Software on home computers for the educational use of teachers. If you would like to have software loaded on your home computer e-mail Larry Murner at [lmurner@cfsd.wednet.edu](mailto:lmurner@cfsd.wednet.edu)

### Reminder

Please monitor student computer usage. We are experiencing an increase in bandwidth use especially during and after lunch. Students are not allowed to download large files, streaming video etc. This severely impacts district wide internet access. Thank-you

A BIG thank-you to the following staff members for all their help in getting the technology in our district up and ready to go for the new school year: Larry Murner, Julie McKay, Sondra Demko and ESD 114.

### Must Visit Web Sites!

Cape Flattery School District  
[www.capeflattery.wednet.edu](http://www.capeflattery.wednet.edu)

Digital Learning Commons (DLC)  
[www.learningcommons.org](http://www.learningcommons.org)

A HUGE Thank-you to Sondra Demko for all her hard work and many hours in re-designing the Cape Flattery School District Website. It looks GREAT!

### News!

Our new district firewall will be installed on November 17th! This installation will upgrade our ability to filter inappropriate websites, e-mail messages, and abuse of bandwidth with steaming video etc.

### District Technology Committee Members

Alice Murner, Ann Renker, Val Rieger, Larry Murner, Bea Young, Karl Engel, Kelli Wilson and Kandy Ritter. If you would like to offer your suggestions, thoughts, concerns, or assistance on the future of technology in our district please feel free to e-mail any one of the members of the committee. Your suggestions and or concerns will be put on the agenda.

If your students are involved in a project that includes the integration of technology please let us know so we can "Highlight" them in the next "Tech Tidbits"

If you have suggestions for technology in-service opportunities that you would like to see please e-mail me at [kritter@cfsd.wednet.edu](mailto:kritter@cfsd.wednet.edu).
