Habits of Thinking for Instructional Leadership

Noticing
Teaching and Learning in the Classroom

Wondering

Considering Implications for Further Study
What additional data do I need? How will I learn what I need to know?

Analyzing
Considering my noticings and wonderings in light of my vision for powerful instruction and student learning in this content area...

Developing & Testing Theories
Based on my analysis, what are some initial theories about why this is occurring?
• What evidence supports or challenges my theories?
• What more do I need to know?

Considering Implications for Leadership
What can I do to support teaching and learning?
