How are parents involved in schools?

Parent/ Teacher Conferences

- Parents and teachers meet regularly to discuss student progress and to strengthen home/school partnerships.
- Talk with your child’s teachers and principal to find out how you and your school can work together to improve your child’s performance.
- Look at your child’s performance and be sure you understand where your child’s strengths and challenges are.
- Parents of secondary students can visit the “Family Access” link that is attached to the CFSD website. This resource provides updated academic progress reports.

Home/ School Compacts

- Parents, students, and schools jointly develop agreements defining goals, expectations and shared responsibilities.
- Be aware of your school’s performance under NCLB. Communicate your school’s successes to your community and look for ways to support your neighborhood school.
